Professional Summary

Highly motivated Computer Science undergraduate (8.0 CGPA) with hands-on experience in full-stack web development and Python programming. Passionate about building responsive user interfaces and robust database-backed architectures. Actively seeking a Software Engineering Internship to apply technical problem-solving skills, learn enterprise practices, and contribute to impactful projects.

Education

B.E. Computer Science and Engineering 2022–2026 (Expected)
Saveetha School of Engineering, Chennai
CGPA: 8.0/10.0

Secondary Education (Class XII) 2022
Narayana Jr College, Kadapa
CGPA: 8.0/10.0

Technical Skills

Programming Languages: Python, C, C++, Java, PHP, JavaScript, SQL, DSA
Web Development: HTML5, CSS3, JavaScript, PHP, MySQL, RESTful APIs
Tools & Technologies: AI, Machine Learning, Data Analytics, Oracle Cloud Infrastructure (OCI), Git, Agile, Tkinter

Experience

Cloud and AI Intern Jun 2024 – Jul 2024
IBM

- Built AI chatbot using IBM Watson and Cloud services via Edunet Foundation.

Relevant Projects

Weather Application
JavaScript, HTML/CSS, RESTful APIs

- Developed a dynamic web application that fetches and displays real-time weather information.
- Integrated third-party APIs for location-based forecasts.

Student Record Management System
PHP, MySQL

- Built backend system using PHP and SQL database.
- Implemented CRUD operations ensuring data integrity.

Personal Portfolio Website
HTML, CSS, JavaScript

- Designed responsive portfolio website showcasing projects and skills.

Desktop Calculator Utility
Python, Tkinter

- Developed GUI-based calculator using Python Tkinter.

Self-Paced Learning App (UI/UX + Dev)

- Designed e-learning mobile app wireframes using Figma.

Camouflage Detection (VTFNet)

- Proposed hybrid model for enhanced stealth detection.

Deepfake Detection

- Built hybrid CNN, GAN and RNN detection model.

AI Music Composer

- Composed music using genetic algorithms.

Real-Time Stock Visualiser
Python, Matplotlib, AWS S3

- Developed stock price visualization tool using Python.

Certifications

- IBM Cloud AI Practitioner (2024) – IBM
- Python for Data Science and AI – IBM
- Getting Started with Enterprise AI – IBM SkillsBuild
- OCI Foundations Certification – Oracle
- Web Development with HTML, CSS, JS – IBM
- Oracle Cloud Infrastructure AI Associate – Oracle
- AWS Knowledge Architecting – AWS

Achievements & Leadership

- Presented research paper on Camouflage Detection using Hybrid VTFNet at an international conference.
- Earned official Google Arcade badges for completing coding challenges.
- Team Leader guiding research teams in ML and AI projects.
- Member of Google Developer Student Club; represented college in cricket.
